MATERIALS

MATERIALES

1 Painted stainless steel mesh Malla de acero inoxidable pintada

The stainless steel mesh is a cold industrial material that through manual techniques is converted into lamps. The physical characteristics of these materials allows through methods developed by our team, they can be folded, molded and cut resulting in creative freedom designs. The paint finish adds to this resistant and compact material a greater durability and facilitates its maintenance and cleaning.

Colors & codes: White [BL], beige [BE], grey [G], taupe [T].

NCS Code: White [S 0500-N], beige [S 3020-Y30R], grey [S 2500-N], taupe [S 3005-Y80R].

Collections: Africa, Agasallo, Anel, Ballet, Blossom, Coral, Cors, Gea, Hipatia, Inn, Kala, Kite, Lea, Luisa, Nebra, Nevo, Onn, Planum, Tati, Tempo, Ura, Virginia, Venus. Clara and Mytilus only available in white. Cambo only available in black or white.

La malla de acero inoxidable es un material frío de carácter industrial que a través de técnicas manuales se convierte en lámparas. Las características físicas de este material permite que a través de métodos desarrollados por nuestro equipo, se pueda plegar, moldear y cortar consiguiendo libertad creativa en los diseños. El acabado de pintura suma a este material resistente y compacto una mayor durabilidad y facilita su mantenimiento y limpieza.

Colores y códigos: Blanco [BL], beige [BE], gris [G], topo [T].

Código NCS: Blanco [S 0500-N], beige [S 3020-Y30R], gris [S 2500-N], topo [S 3005-Y80R].

Colecciones: Africa, Agasallo, Anel, Ballet, Blossom, Coral, Cors, Gea, Hipatia, Inn, Kala, Kite, Lea, Luisa, Nebra, Nevo, Onn, Planum, Tati, Tempo, Ura, Virginia, Venus.

Clara y Mytilus solo disponibles en blanco.

Cambo solo disponible en negro o blanco.

2 Cellulose cord Cordón de celulosa

The pressed cellulose cord is a pleasant texture material and has a wide range of colors. This medium flammability component is obtained from pressed cellulose and is molded using its own techniques. Due to its physical characteristics it is not recommended to wet the material for cleaning.

Colors & codes: White [42], grey [43], red [46], brown [47], gold yellow [48], medium brown [49], beige [50], green [51], blue [52].

Collection: Caos.

Arc only available in white.

El cordón de celulosa prensada es un material de agradable textura y que presenta una amplia gama de colores. Este componente de flamabilidad media se obtiene de celulosa prensada y a través de técnicas propias, se moldea. Debido a sus características físicas no se recomienda mojar el material para su limpieza.

Colores y códigos: Blanco [42], gris [43], rojo [46], marrón [47], amarillo oro [48], marrón medio [49], beige [50], verde [51], azul [52].

Colección: Caos.

Arc solo disponible en blanco.

3 Painted stainless steel thread Hilo de acero inoxidable pintado

The stainless steel thread interlaced and embroidered on itself, creates random, light, seemingly fragile volumes, but durable thanks to the sturdiness that paint finish brings.

Colors & codes: White [B].

Collections: Blum, Pili.

El hilo de acero inoxidable entrelazado y embrollado sobre sí mismo, crea volúmenes aleatorios, ligeros, aparentemente frágiles, pero resistentes gracias a la dureza que le aporta la pintura.

Colores y códigos: Blanco [B].

Colecciones: Blum, Pili.

4 Galvanized steel mesh Malla de acero galvanizado

The application of galvanized steel mesh is another example of a different use of the material. The malleability of this material and its hollow light allows it, through painting processes, to become a material with a delicate appearance but of high quality and durability.

Color & code: White [B].

Collection: Fluo.

La utilización de la malla de acero galvanizado es otro ejemplo de descontextualización de un material. La maleabilidad de este material y su hueco de luz permite que, a través de procesos de pintado, se convierta en un material con apariencia delicada pero de alta calidad y durabilidad.

Color y código: Blanco [B].

Colección: Fluo.

1**2****3****4**

5 Glass

Vidrio

Our semi-handmade glass presents irregular watermarks that gives personality to this material. This opalescent glass comes in a wide range of bright colors.

Colors & codes:

White [02], sand [87], dark amber [89], brown [90], beige [95].

The color beige [95] solo está disponible para la combinación con marrón [90] en la colección Vento.

Collections: Curvas, Vento.

El carácter semiartesanal de nuestro vidrio presenta irregularidades en forma de aguas que dota de personalidad este material. Este vidrio opalescente se presenta en una amplia gama de colores brillantes.

Colores y códigos:

Blanco [02], arena [87], ámbar oscuro [89], marrón [90], beige [95].

The beige color [95] is only available in combination with brown [90] for the Vento collection.

Colecciones: Curvas, Vento.

8 Birch wood

Abedul

A material of high durability and easy maintenance. The birch wood is characterized by its light color and low contrast, allowing easy manual processing. The light that escapes between the wooden slats turns this material into a warm and elegant wood.

Collection: Woods.

Un material de alta durabilidad y fácil mantenimiento. La madera de abedul caracterizada por su color claro y su bajo contraste, permite un fácil procesado manual. La luz que escapa entre los listones de madera convierte este material en una madera cálida y elegante.

Colección: Woods.

6 Pressed cellulose

Celulosa prensada

The pressed cellulose, through a suitable refining process, is a highly flexible and moldable material. Resistant and high durable, it comes in a wide range of colors. Due to its physical characteristics it is not recommended to wet the material.

Colors & codes:

White [42], grey [43], red [46], brown [47], gold yellow [48], medium brown [49], beige [50], green [51], blue [52].

Collections: Bety Eco, Li

La celulosa prensada, a través de un proceso de refinado adecuado, es un material altamente flexible y moldeable. Resistente y de alta durabilidad, se presenta en una amplia gama de colores. Por sus características físicas no se recomienda mojar el material.

Colores y códigos:

Blanco [42], gris [43], rojo [46], marrón [47], amarillo oro [48], marrón medio [49], beige [50], verde [51], azul [52].

Colecciones: Bety Eco, Li.

9 Ash wood

Fresno

Ash wood is polyvalent and especially flexible. Its resistance make it a high quality material that, through manual processes, allows curved and durable finishes.

Collection: Aimei.

El fresno es una madera polivalente y especialmente flexible. Su resistencia lo convierte en un material de alta calidad que, a través de procesos manuales, permite acabados curvos y duraderos.

Colección: Aimei.

7 Beech wood

Haya

Beech wood is hard and characteristic for its clear and natural shades. This material is easy to work with and the varnishing makes it a very durable and easy to maintain material.

Collection: Cambo.

La madera de haya es dura y característica por sus tonalidades claras y naturales. Este material es fácil de trabajar y el barnizado lo convierte en un material muy duradero y de fácil mantenimiento.

Colección: Cambo.

10 Polycarbonate

Policarbonato

Through plastic injection technology, this material is consistently made and is available in two colors. The personalized shape of each piece allows the realization of luminaires of large dimensions and easy maintenance

Colors & codes:

White [B], black [N], terracotta [TE].

Collection: V.

Mediante la tecnología de inyección de plástico, se elabora este material consistente y disponible en dos colores. La rigidez y forma personalizada de cada pieza permite la realización de luminarias de grandes dimensiones y de fácil mantenimiento.

Colores:

Blanco [B], negro [N], terracotta [TE].

Colección: V.

11 Hand-crafted glass

Vidrio artesanal

Our hand-crafted glass is a material that is obtained through different manual techniques, including blowing and lamination. The surface finish is done manually by using very fine sand, avoiding the use of chemical agents.

Colors & codes: yellow [19], white [25]

Collections: Era

Nuestro cristal artesanal es un material que se obtiene mediante diferentes técnicas manuales, entre ellas el soplado y el laminado. El acabado superficial está realizado manualmente mediante el uso de arena muy fina, evitando la utilización de agentes químicos.

Colores y códigos:

Amarillo [19], Blanco [25]

Colecciones: Era

13 3D Knit

Punto 3D

The 3D knit allows us to generate volumes and produce our lampshade without waste of material and without seams. It can be made with 100% recyclable materials.

Colors & codes: Beige [BG], electric blue[AE], orange [NA]

Collections: Cabana

El punto 3D permite generar volúmenes y producir nuestras pantallas sin desperdicio de material y sin costuras.

Se puede fabricar con materiales 100% reciclables.

Colores y códigos: Beige [BG], azul eléctrico [AE], naranja [NA]

Colecciones: Cabana.

14 Triple Opal Glass

Vidrio Opal triple

Opal glass is a semi-transparent glass which, thanks to its triple layer, offers superior quality. It is a versatile material that, thanks to its opal coating, can diffuse light. Easy cleaning with a soft, dry cloth.

Colors & codes: white [B]

Collection: Bold.

El vidrio opal es un vidrio semitransparente que, gracias a su triple capa, ofrece una calidad superior. Es un material versátil que, gracias al opalizado, se puede tamizar la luz.

Limpieza fácil con un paño suave y seco.

Colores y códigos: Blanco [B]

Colección: Bold.

12 Granite

Granito

Galician granite is a natural and sustainable material that is easy to maintain. With a light greyish tone, fine-grained and with black speckles, this material used in Parga is compact and comes from discards. Granite is a material that is highly resistant to heat and wear.

Collection: Parga.

El granito gallego es un material de origen natural y sostenible de fácil mantenimiento.

De tono grisáceo claro, de grano fino y con motas negras, este material empleado en Parga es compacto y proviene de descartes. El granito es un material de alta resistencia al calor y al desgaste.

Colección: Parga.

AUTHENTICITY GUARANTEE | GARANTÍA DE AUTENTICIDAD

All lamps are labelled with an identification code and serial number. This fixture is an exclusive and authentic design of the company a-emotional light. It is entirely handmade in Spain and passes strict quality controls before its entrance into the market.

All our lamps are totally handmade. The differences found in our luminaires and in the different materials used make them unique. Small differences between lamps are not a defect, it is a value because each one is a unique object. The indicated lampshade dimensions are only approximate, never exact.

Some dimensions and/or electrical data may vary, consult your sales advisor.

Todas las lámparas salen con etiquetas que reflejan la referencia y número de serie. Esta lámpara es un diseño exclusivo y auténtico de la empresa a emotional light. Está producida y hecha totalmente a mano en España. Pasa estrictos controles de calidad antes de su salida al mercado.

Todas nuestras lámparas están hechas a mano. Las diferencias entre ellas y en los distintos materiales empleados convierten a cada lámpara en única. Pequeñas diferencias entre lámparas de una misma referencia no son un defecto, sino un valor, cada una es un objeto único. Las dimensiones de las tulipas indicadas son sólo aproximadas y nunca exactas.

Algunas dimensiones y/o datos eléctricos pueden variar, consulte con su asesor comercial.

SYMBOL INDEX | ÍNDICE DE SÍMBOLOS

The luminaires made of painted stainless steel mesh can be chosen by RAL or NCS code [see conditions]. Las luminarias realizadas en malla de acero inoxidable pintada podrán elegirse el color mediante código RAL o NCS (ver condiciones).

* Please note that for environments with a high salinity, proper maintenance of the luminaire will be necessary. We recommend cleaning it with a soft brush and remove salt, dust, or dirt deposited by moisture or wind.

* Tenga en cuenta que para ambientes con alto grado de salinidad, será necesario realizar un correcto mantenimiento de la luminaria. Recomendamos limpiar con un cepillo suave y retirar la sal, el polvo o la suciedad depositada por la humedad o el viento.

* Please note that for environments with a high salinity,
proper maintenance of the luminaire will be necessary. We
recommend cleaning it with a soft brush and remove salt,
dust, or dirt deposited by moisture or wind.

* Tenga en cuenta que para ambientes con alto grado de
salinidad, será necesario realizar un correcto mantenimiento
de la luminaria. Recomendamos limpiar con un cepillo suave y
retirar la sal, el polvo o la suciedad depositada por la humedad
o el viento.

* Please note that for environments with a high salinity,
proper maintenance of the luminaire will be necessary. We
recommend cleaning it with a soft brush and remove salt,
dust, or dirt deposited by moisture or wind.

* Tenga en cuenta que para ambientes con alto grado de
salinidad, será necesario realizar un correcto mantenimiento
de la luminaria. Recomendamos limpiar con un cepillo
suave y retirar la sal, el polvo o la suciedad depositada por la
humedad o el viento.

Ecodesign standards for lighting products are mandatory for all manufacturers and importers who intend to market their products in the EU.
As of September 1, 2021, Regulation (EU) 2019/2020 establishing eco-design requirements for light sources and independent control mechanisms repeals and replaces

Regulations (EC) No 244/2009, (EC) No 244/2009, (EC) No 245/2009 and (EU) No 1194/2012.

Las normas de diseño ecológico para los productos de iluminación son obligatorias para todos los fabricantes e importadores que pretenden comercializar sus productos en la UE.

Desde el 1 de septiembre de 2021, el Reglamento (UE) 2019/2020 por el que se establecen requisitos de diseño ecológico para las fuentes luminosas y los mecanismos de control independientes deroga y sustituye

los Reglamentos (EC) No 244/2009, (CE) n.º 244/2009, (CE) n.º 245/2009 y (UE) n.º 1194/2012.

GENERAL TERMS OF SALE 2023

[These terms of sale substitute all previous terms of sale]

Orders will have to be confirmed in writing by sending an e-mail:

orders@a-emotionallight.com

All sales will be made according to the following terms, which must be accepted by the client when placing the order. This price list (RSP, VAT not included) substitutes all previous price lists.

1- LEAD TIME:

The company understand the **LEAD TIME** as the manufacturing time frame between the order is confirmed by the customer and the date on which the goods are ready to ship. [Transport time is not included]. Each order will have an especific manufacturing lead time which will be set in the Order Confirmation with an **estimated shipping date**, this date **is only indicative and not binding**, so, the company will not admit any claims for **delays on the shipping and delivery dates** or any other claims of whatsoever nature [claims for compensation, etc.], unless specifically agreement between Commercial Direction and customer, this agreement should be mentioned in the Order Confirmation. For **large quantity orders** a **specific manufacturing lead time** will be issued applying the same conditions as above.

2 - PRICES:

The Prices content in the Price List are Retail Sale Price VAT Excluded.

3- PAYMENT TERMS:

Payment conditions will be agreed previously between Commercial Direction and customer.

Payment in Advance with Proforma Invoice will be applied for:

- The first order placed by a new customer unless another payment terms be agreed with the Commercial Direction.
- Orders placed by those customers who have deferred payment conditions, but they have not made any purchase in the last 12 months.

Deferred payment should be agreed between Commercial Direction and customer. The payment period starts just as of the date specified on the invoice and the payment/s must be made on the exact due date/s. If an invoice is not paid in due date, the client should pay for all bank charges which may arise as a result of late payment.

The merchandise delivered will remain in the property of Calor Color S.L. until full payment of said merchandise has been made.

All expenses derived from the above will be charged to the client.

The purchaser is not authorized to withhold due payments [neither the total payment nor partial payments], in the event that a claim lodged by the buyer has not been resolved, as said claim does not exempt the purchaser from his/her payment commitment.

4 - DELIVERY CONDITIONS:

For UE member countries: Orders will be served DAP (INCOTERMS 2020, ICC Paris). Orders less than 1.200 € Net Price will be charged with 42€ for administrative expenses [Shipping & Handling].

Exceptions:

- Bulgaria, Croatia, Estonia, Greece (only continental), Latvia, Lithuania and Romania: Orders of less than 1.400 € Net Price will be charged with 62€ for administrative expenses [Shipping & Handling].
- Cyprus, Ireland and Malta: Orders will be served EXW O Milladoiro (INCOTERMS 2020, ICC Paris). Transport costs full at customer charges.
- References: AC03, AF03, FL04-4 and FL04-16 will be served EXW O Milladoiro (INCOTERMS 2020, ICC Paris). Transport costs full at customer charges.

For not UE member countries: Orders will be served EXW O Milladoiro (INCOTERMS 2020, ICC Paris). Transport costs full at customer charges.

5 - BREAKAGE DURING TRANSPORT AND INCIDENTS:

Upon delivery of goods, the client **must check and record in the delivery note**, if there is any external signs of crushing or breakage of boxes as well as if the carrier has mishandled the packages.

In the event of **breakage during transport** there is a maximum **24-hour period** as of receipt of merchandise to give notice to the customer service department of our factory. **After this period of time the client will be liable for any expenses originating from transport costs and repairs.**

Claims regarding the quantity or the quality of the goods must be lodged in a **maximum period of 24 hours as of reception of goods**.

To lodge a claim, the client must inform Commercial Direction and a claim number will be provided. The claim number, should be clearly visible on the label package of the returned lamp to be identified on the arrival to our warehouse. Each claim will have a different claim number. Goods received in our warehouse without previous notice or without a claim number will be returned to the sender.

If the fault of the article or the article itself do not coincide with the claim notified, the client will be liable for the additional charges. Calor Color S.L. will bear the reparation costs of the goods broken during transport if notice is given in the maximum period stipulated as of the receipt of the goods. Calor Color S.L. will be liable for the repairs and transport of goods with a manufacturing fault prior inspection and confirmation of our quality control department once the goods have been received in our factory. In all other cases, the client will be liable for reparation and transport costs including those goods covered by an insurance policy and which has not been checked in 24 hours. In no event, Calor Color S.L. will be liable for repair costs and transport of articles installed in shops, private homes or commercial premises.

Opalescent glass may present, on occasions, lines, dots, areas with different tones or irregular marks on its surfaces. All of the above are characteristics of this type of glass and may not be considered defects.

Bulbs provided are subject to quality control carried out by their manufacturer. Calor Color S.L. reserves the right not to accept claims regarding bulbs.

6 - CANCELLATION OF ORDERS:

There is a 48 hours maximum period in which orders may be cancelled as of receipt of the order confirmation. After this period no cancellations will be admitted.

7 - RETURN OF GOODS:

As a general rule no returns will be admitted. In the exceptional cases, the Commercial Direction will authorize the return, with a . In this case, the customer should organize the transport to our warehouse and after check the goods are in perfect condition a maximum of the 90% amount of the goods will be refunded.

If the goods are not received in perfect condition and with their original packaging the costs of reparation and packing will be deducted from the refund.

Returns will NOT be admitted on:

- Customized products
- Discontinued products
- Products that have been installed
- Products delivered after 3 months.

8 - PRODUCT MODIFICATIONS:

All product modifications are subject to price changes, request information. Single colour shades should be ordered in one colour; Two-colour shades should be a combination of colours from the ones recommended. No other combination of colours will be accepted.

Cable length modifications:

- For cables between 1,5 and 3 meters: 3% surcharge.
- For cables between 3 and 5 meters: 5% surcharge.
- For lengths above 5 meters, ask for price.

Painted Stainless Steel-customized colours:

There is possible to customize the color of the lamps made by stainless steel mesh painted.

- RAL or NCS code required
- Minimum order: 3 units
- Surcharge: 15%

9 - GUARANTEE:

Electronic material has a three-year guarantee.

NOTE:

Calor Color S.L. reserves the right to make any and/or all changes that he deems fit without any prior notice with the aim of improving the light fittings.

In the event of dispute or possible litigation the parties agree to waive their own jurisdiction and submit to the courts and tribunal of the province of A Coruña, Spain.
